

Fulltime Academic Hematologist Position, Specializing in Malignant Blood Disorders

The Department of Oncology, Faculty of Health Sciences at McMaster University and Hamilton Health Sciences are currently recruiting an Academic Hematologist specializing in malignant blood disorders to join the Division of Malignant Hematology. The focus of this position is in myeloma and/or lymphoma.

The Juravinski Hospital and Cancer Centre is a large academic teaching hospital and serves the Hamilton Niagara Haldimand Brant region. The Division of Malignant Hematology consists of 16 geographic full-time hematologists located at the Juravinski Hospital and Cancer Centre who are engaged in clinical practice, education and research. The Division is responsible for treating malignant blood diseases as well as providing autologous, allogeneic hematopoietic stem cell transplantation and CAR-T therapy to the central-west region of Ontario and beyond. There is an active menu of clinical trials in hematology and a variety of teaching opportunities at the undergraduate and postgraduate level. The successful applicant is expected to participate in clinical trials research.

The successful applicant will have a focus in the treatment of myeloma or lymphoma, but should also be knowledgeable in other areas of malignant hematology. Experience in cellular/transplant therapy is not required but would be an asset. Additional Fellowship training would be advantageous. They will see outpatients in the Juravinski Cancer Centre and rotate as ward attending on the inpatient service in the Juravinski Hospital along with nurse practitioners, hematology and other residents. The attending rotation will also include general hematology consultations for the hospital.

Applicants should be certified, or eligible for certification in Hematology, by the Royal College of Physicians and Surgeons of Canada. Candidates must have an MD or equivalent, and must be licensed or eligible for licensure in the province of Ontario. Academic rank and appointment category will be commensurate with training and experience.

All qualified candidates are encouraged to apply. However, Canadian citizens and permanent residents will be considered first for this position. To comply with the Government of Canada's reporting requirements, the University is obliged to gather information about applicant's status. Applicants need not identify their country of origin or current citizenship; however, all applications must include one of the following statements: "Yes, I am a citizen or permanent resident of Canada" or "No, I am not a citizen or permanent resident of Canada"

Qualified candidates are invited to submit:

- A covering letter of interest
- A curriculum vitae
- Description of training

- Letters of reference are not required at the application stage; the Department will request letters of recommendation from referees at later stages of the search process

Applications will be accepted via email until January 31, 2022 and sent to the attention of Avril Rogers at rogeravr@hhsc.ca on behalf of:

Dr. Tom Kouroukis, MD MSc FRCPC

Employment Equity Statement

McMaster University is located on the traditional territories of the Haudenosaunee and Mississauga Nations and, within the lands protected by the “Dish With One Spoon” wampum agreement.

In keeping with its Statement on Building an Inclusive Community with a Shared Purpose, McMaster University strives to embody the values of respect, collaboration and diversity, and has a strong commitment to employment equity. The diversity of our workforce is at the core of our innovation and creativity and strengthens our research and teaching excellence. The University seeks qualified candidates who share our commitment to equity, diversity and inclusion.

As part of McMaster’s commitment, all applicants are invited to complete a confidential Applicant Diversity Survey through the online application submission process. The Survey questionnaire requests voluntary self-identification in relation to equity-seeking groups that have historically faced and continue to face barriers in employment. Please refer to the Applicant Diversity Survey - Statement of Collection for additional information.

While all qualified candidates are invited to apply, we particularly welcome applicants from women, persons with disabilities, First Nations, Metis and Inuit peoples, members of visible minorities, and LGBTQ+ persons. Job applicants requiring accommodation to participate in the hiring process should contact the Human Resources Service Centre at 905-525-9140 ext. 222-HR (22247) or the Faculty of Health Sciences Human Resources office at ext. 22207 to communicate accommodation needs.
