

### **Buffet Taylor Chair in Breast Cancer Research and Academic Medical Oncologist**

The Department of Oncology at McMaster University and Hamilton Health Sciences (HHS) Juravinski Cancer Centre (JCC) are seeking an exceptional academic medical oncologist with extensive experience as an innovative leader in breast cancer research and oncology practice. The successful applicant will be the McMaster University Buffet Taylor Chair in Breast Cancer Research and will hold a full-time academic appointment at the level of Associate Professor or higher in the Department of Oncology.

Among the top 40 universities in the world for health and medicine, McMaster University is a globally renowned institution of higher learning and a research community committed to advancing human and societal health and well-being. The Department of Oncology provides rewarding opportunities for innovation and excellence in clinical care, education and research.

The Juravinski Cancer Centre is a large academic cancer centre located adjacent to the Juravinski Hospital in Hamilton, Ontario and serves the Hamilton Niagara, Haldimand and Brant regions. The division of medical oncology provides innovative and state-of-the-art treatment for patients with solid malignancies. There are 23 members who provide approximately 4,200 new systemic therapy consultations annually. The program treats all major disease sites and is a tertiary referral centre for sarcoma, central nervous system tumours, gynecological oncology and bone marrow transplantation.

As an academic medical oncologist, the successful candidate is expected to contribute to clinical service and scholarly activities in breast cancer and support a culture of research and/or education excellence within the Department of Oncology. Members of the Division of Medical Oncology contribute to undergraduate and postgraduate educational activities within the Michael G. DeGroote School of Medicine and the Medical Oncology Residency Training Program. The Medical Oncology Residency Training Program is fully accredited by the Royal College of Physicians and Surgeons of Canada. Candidates are expected to participate in the medical oncology on-call roster and the ward consultation service for HHS Juravinski Hospital and Cancer Centre. A hospitalist program as MRP exists for the daily management of oncology inpatients.

The Buffet Taylor Chair in Breast Cancer Research was established in 1999. Funding for this endowed position was provided to McMaster University by Buffet Taylor and Associates. The ideal candidate shall: have clinical expertise in the treatment and care of patients with breast cancer; have national recognition for their contributions to scholarly programs along the breast cancer continuum; be internationally recognized for their contribution to breast cancer research and have contributed significantly to the body of scholarship on breast cancer research, having attracted substantial grant support and demonstrated leadership in organizing and conducting innovative research. The Chair will make contributions to the education programs of the Department of Oncology and Faculty of Health Sciences and will ensure that breast cancer issues are an important component of the education of medical and nursing students and residents. The successful candidate will be involved in clinical work that informs the research agenda, coordinating the existing strong research capability in the University along the entire continuum of breast cancer research from basic science to clinical trials to health services research. The Chair provides annual dedicated funding to support the successful applicant's research program.

The local assets to enable the Chair's programs are: a large engaged multidisciplinary breast cancer disease site group at the JCC; the JCC Clinical Trials Department; the Coordination and Methods Centre for the Ontario Clinical Oncology Group and the Escarpment Cancer Research Institute. Multiple opportunities exist for clinical trials, health services research and translational research.

Candidates are expected to possess the following:

- certificate of registration for a valid license to practice in the province of Ontario issued by the Royal College of Physicians and Surgeons of Ontario
- FRCP in Internal Medicine with subspecialty training in Medical Oncology, or equivalent qualifications
- membership in the Canadian Medical Protective Association, or equivalent

All qualified candidates are encouraged to apply; however, Canadian citizens and permanent residents will be considered first. To comply with the Government of Canada's reporting requirements, the University is obliged to gather information about applicants' status as either Permanent Residents of Canada or Canadian citizens. Applicants need not identify their country of origin or current citizenship; however, all applications must include one of the following statements: Yes, I am a citizen or permanent resident of Canada - or - No, I am not a citizen or permanent resident of Canada.

### **How to Apply**

Interested candidates should submit:

- A curriculum vitae
- A letter of interest
- Letters of reference are not required at the application stage; the Department will request letters of recommendation from referees at later stages of the search process.

Applications will be accepted via email until April 3, 2023 and sent to the attention of Thi Ho, Director of Administration, Department of Oncology at [hot14@mcmaster.ca](mailto:hot14@mcmaster.ca) on behalf of:

Dr Jonathan Sussman  
Chair and Professor  
Department of Oncology  
McMaster University  
Located at:  
Juravinski Cancer Centre  
699 Concession Street  
Hamilton, ON L8V 5C2

### **Employment Equity Statement**

McMaster University is located on the traditional territories of the Haudenosaunee and Mississauga Nations and, within the lands protected by the "Dish With One Spoon" wampum agreement.

In keeping with its Statement on Building an Inclusive Community with a Shared Purpose, McMaster University strives to embody the values of respect, collaboration and diversity, and has

a strong commitment to employment equity. The diversity of our workforce is at the core of our innovation and creativity and strengthens our research and teaching excellence. The University seeks qualified candidates who share our commitment to equity, diversity and inclusion.

As part of McMaster's commitment, all applicants are invited to complete a confidential Applicant Diversity Survey through the online application submission process. The Survey questionnaire requests voluntary self-identification in relation to equity-seeking groups that have historically faced and continue to face barriers in employment. Please refer to the Applicant Diversity Survey - Statement of Collection for additional information.

While all qualified candidates are invited to apply, we particularly welcome applicants from women, persons with disabilities, First Nations, Metis and Inuit peoples, members of visible minorities, and LGBTQ+ persons. Job applicants requiring accommodation to participate in the hiring process should contact the Human Resources Service Centre at 905-525-9140 ext. 222-HR (22247) or the Faculty of Health Sciences Human Resources office at ext. 22207 to communicate accommodation needs.

### **Vaccination Policy Statement**

The University is committed to providing and maintaining healthy and safe working and learning environments for all employees, students, volunteers and visitors. The University's [Vaccination Policy- COVID-19 Requirements for Employees and Students](#) (the "Vaccination Policy"), requires all McMaster community members, including employees, accessing a McMaster campus or facility in person to be fully vaccinated or to have received an exemption from the University for a valid human rights ground. While the Policy will be currently paused, this Policy may resume quickly and on short notice, as informed by public health advice and direction. As a result, failure to achieve and maintain fully vaccinated status or an approved human rights-based exemption may result in termination of employment. This is a term and condition of employment. The University will continue to follow the guidance of public health organizations to define fully vaccinated status.
