

Position Title:	Academic Medical Oncologist (Genitourinary Cancer)		
Salary:		Posting Date:	16 January 2024
Competition #:		Closing Date:	6 February
FT/PT/FTE:	1.0 Full-Time Equivalent	Start Date:	1 April, 2024

Position Summary:

The Department of Medicine and the Division of Medical Oncology at the University of Ottawa and The Ottawa Hospital is looking for an academic Medical Oncologist to join a group of 28 academic physicians.

Responsibilities:

The successful candidate will function as an academic physician. This position will consist of a full-time practice treating predominantly genitourinary malignancies. The position includes assignment of a minor site, based on the operational needs of the division.

Qualifications:

The successful candidate must hold an MD degree; be a member of, or be eligible to be a member of, the Canadian Medical Protective Association; have, or be eligible for certification in Medical Oncology by the Royal College of Physicians and Surgeons of Canada, and have, or be eligible for, licensure in Ontario; and, be eligible for an academic appointment at the University of Ottawa, Faculty of Medicine at the rank of Assistant Professor or higher. Applicants must demonstrate specialized training and/or significant experience in managing genitourinary malignancies. Preference will be given to applicants who have experience advancing the care of patients with GU malignancies and/or clinical research in GU malignancies. Preference will be given to candidates with a higher degree (Masters, PhD), or specialist fellowship training.

The University of Ottawa and The Ottawa Hospital are bilingual institutions and therefore in the case of potentially successful candidates of equal ability, a bilingual (French/English) candidate would be preferred.

Additional Information:

The Ottawa Hospital Cancer Centre is the primary provider of medical oncology services to a mixed urban and rural population of 1,500,000 in Eastern Ontario, has approximately 4,000 new solid tumor medical oncology consults annually, offers a full spectrum of oncology services, and is a Canadian leader in oncology training and clinical research. Cancer is a priority focus for The Ottawa Hospital (one of Canada's largest teaching hospitals) and for the Ottawa Hospital Research Institute. The vision of The Ottawa Hospital is "to provide each patient with the world-class care, exceptional service and compassion that we would want for our loved ones."

The Ottawa Hospital is a 1150 bed tertiary-care hospital serving Eastern Ontario (Civic, General, Heart Institute, and the Rehabilitation Centre) and one ambulatory centre (Riverside). There are

approximately 50,000 inpatient admissions, 160,000 emergency visits and over one million outpatient visits annually.

The Ottawa Hospital Research Institute (OHRI) is TOH's research arm. It ranks fourth out of more than 600 Canadian hospitals for competitive, peer-reviewed grants from the prestigious Canadian Institutes of Health Research. OHRI houses over 2,200 researchers, publishing more than 2,000 studies yearly, with hundreds being high impact publications (top 10% or citations) and places 5th overall in Canada for research funding.

The Faculty of Medicine is a nationally recognized leader, ranked among Canada's top-tier medical faculties. The Faculty ranks 3rd in Canada for research intensity in Medicine/Science (Maclean's) and 4th in Canada for citations (2022 THE rankings). The University of Ottawa is the largest bilingual (English-French) university in the world and the first and largest bilingual medical school in Canada. The Faculty of Medicine has a long history of conducting the highest quality basic and clinical research, in close partnership with affiliated hospitals and research institutes. The Web of Science recently published a list of the most highly cited researchers in the world, where seven out of eight researchers identified from the uOttawa are from the Faculty of Medicine. Together, these remarkable achievements are a strong testament to the competitiveness and excellence of our Faculty.

The City of Ottawa provides a thriving multicultural and bilingual environment. Ottawa boasts numerous cultural activities as well as readily accessible sporting and natural resources, making it an ideal family and healthy living environment. It has consistently been ranked as one of the best places to live in Canada.

The Department of Medicine is committed to ensuring equity, diversity and inclusion in our work environment. We strongly encourage applications from Indigenous persons, visible minorities members (racialized persons), persons with disabilities, women, as well as from all qualified candidates with the skills and knowledge to productively engage with equitable, diverse and inclusive communities. We encourage qualified applicants from all groups with historical and/or current barriers to equity to apply. Upon request, accommodations due to a disability are available throughout the recruitment process.

Please note Canadian citizens and permanent residents will be given priority. We sincerely thank all applicants for their interest; however, only those selected for an interview will be contacted.

Terms of Employment:

The income for this position is derived from a variety of sources including an AFP and proportion of clinical billings.

Applications:

If interested please submit a 1-2 page letter of interest, 3 references (who will not be contacted without permission) and a CV, as a single PDF file, to Dr. Rachel Goodwin, Chair of Selection Committee, University of Ottawa/The Ottawa Hospital at rgoodwin@toh.ca.
