Permanent Medical Oncologist

The Saskatchewan Cancer Agency operates prevention and early detection programs, conducts innovative research and provides safe, patient and family-centred care at the Saskatoon Cancer Centre in Saskatoon and the Saskatoon Cancer Centre.

Our medical oncologists provide care as members of teams, which include nurses, pharmacists, radiation therapists, oncologists, surgeons, social workers, volunteers and palliative care staff. Cancer care is extended to surrounding communities through the Community Oncology Program of Saskatchewan. Participation on clinical trials in collaboration with cooperative groups and industry is a major focus of activity for our oncologists. They are members of cooperative clinical trial groups as Alliance, NCIC CTG, and NRG. Our oncologists are also involved in teaching medical students and residents.

We are looking for a medical oncologist for a permanent position in Saskatoon. Interest in gynecological oncology is an asset. Preferred candidates will have obtained or be in the process of working towards Fellowship standing in Medical Oncology with the Royal College of Physicians and Surgeons of Canada or have an equivalent education, training and experience. Our oncologists are eligible for a clinical appointment in the Division of Oncology, College of Medicine at the local university. In accordance with Canadian immigration requirements, preference will be given to Canadian citizens and permanent residents of Canada. A competitive compensation package is offered and will be commensurate with experience. The salary range for this position is $327,209 - $422,266 plus benefits.

Saskatchewan is a growing and prosperous province. We have excellent education opportunities for young and old and we offer a rich cultural and recreational environment to suit families and independent living. Saskatchewan offers a world of endless possibilities.
